

Grant Awards for FY 03-04

On Tuesday, July 6, 2004, the Iowa Department of Education announced its list of eligible 21st Century Community Learning Center grantees for FY 2003-2004 school year. The list represents five (5) schools districts who will receive funding during the FY 04 fiscal year beginning July 1, 2004. All grants were made for a five (5) year period of time and all grantees are aware that future funding of this program is dependent upon future federal funds being received by the Department. The total amount of funds awarded this year totaled \$1,533,038.00.

When this year's grantees are combined with last year's 21st CCLC grantees, it brings a total of fourteen (14) local schools districts, one (1) community-based and one (1) faith based organization who are receiving federal 21st CCLC funds and operating over 40 before and after school programs sites across the state of Iowa. The total amount of funds distributed this year combined with last year equals \$4,895,445. The source of funding for the Iowa 21st Century Community Learning Center program is Part IV-B of the No Child Left Behind Act (NCLB), passed in 2001.

A complete list of school districts funded this year is listed below:
